General Information

All buses will stop at any of the designated Translink Bus Stops, but students do need to hail the bus driver on approaching in the morning and alert the bus driver prior to their designated bus stop in the afternoon.

If there are no designated Translink Bus Stops in the near vicinity, buses will stop along the route, but only if it is safe to do so.

Buses will not deviate off the designated route without prior authorisation from the College.

Several buses are wrapped with Ormiston College signage, however the buses are not specifically allocated to a route each day; buses will be rotated across the eight bus routes, so it is important for students to distinguish their relevant bus by the route number (OC1, OC2, etc) displayed in the front window of the bus.

Patrons should allow for possible disruption to the scheduled route times for the first weeks of the school term, due to back to school traffic congestion. Students are advised to be at their stop at least five minutes prior to the scheduled departure time. Actual departure times may vary by up to ten minutes, depending on traffic congestion.

It is recommended that younger students have their bus details and a parent/guardian contact number easily accessible on their person or in their school bag / backpack.
